September Luncheon 'Buzz'!

SPECIAL MEMORIES

This will be our

Co-Ordinator, *Franki Borowski's* last KOPS Honor Society luncheon with us. She leaves for her new home and position in Sacramento on Wednesday.

Lets share some of our memories of the last 10 years Franki has been our coordinator.

We've come a long way with her at the 'helm' and become one of the strongest, and, in my estimation, best areas in California.

I want to keep this candle as a permanent of our newsletter to remind all of us that:

'if everyone lit just one little candle, what a bright world this would be'

This is our symbol of a goal reached and a reminder that all members of TOPS are on a journey to their goal. It is up to us to extend all the hope and help we can to help them become a part of our 'Circle of Light'
