

High Tea Installation
From Tops WA 1503, Port Orchard

Our theme for this installation program was High Tea. We decorated with flowers and a lit flower covered arch for our winners. We all dressed for tea all the way down to our fancy hats. We made awards using thrift store and donated fancy tea cups and saucers. Many of them were filled with silk flowers, but we also had some we made into pin cushions with fun fabrics. In our search for cups we found teapots as well and used them to decorate the tables and then had a door prize drawing. It was a special day with everyone in their best. Pictured is Edie Peckham who was honored as a Division Winner, and our Chapter Queen. She went on to receive Queen Runner Up for Washington State that year.
