

SPRING

Dear TOPS Leaders

Well spring it is again, the grasses are growing and the flowers are blooming. What a beautiful spring we are having here in the Central Valley. I have been taking my daily stroll out in my yard watching the wonders of Mother Nature. I see purple and white blooms, Jasmine blossoms are about to open with their wonderful sweet aroma. I just love this time of year. I hope you are able to get out and enjoy it too. Please take a minute or two out of your busy day to look around and as they say "Smell the Roses".

I would like to thank all of you who came to the January 22nd workshop in Fresno, we were a little cramped in there because of the good turnout we had. WE have the larger room at the West end of the building for our next workshop. Parking is also available on that end off of Holland, just an FYI.
